Thanks Barry, I understand and am also in reactive mode. Regarding the proposals/estimates, you may email me at work and home, but I may be at the office anyway on Friday.

Sincerely,

Subject: Wetlands delineation schedule

---

As soon as we pick a group to do the delineation then I will adjust my schedule to be there.

We are in a totally reactive mode over here with first the Yellowstone and now Minot having first call on everything.

The text is being reviewed by our editor and will be ready for you tomorrow. Jeremiah will probably be here after 5 working on the maps, but they should be ready tomorrow

When the proposals for the wetlands work come in on Friday do you want me to email you @ telebean914 with the hours/days and \$ estimates or wait until Monday to get that to you? I am very curious about their expert opinion of the level of effort needed to accomplish this work.
